

The Michigan State Police, Traffic Crash Reporting Unit is offering free UD-10 refresher training for supervisors, officers and engineers.

The program is a refresher of the UD-10 fields to make the form easier to complete and to ensure the form is completed properly. Both trainings are designed to be informative and interesting whether you have 1 year of experience or 30 years. The supervisor training is designed primarily for personnel who review the UD-10 forms while focusing a portion of the class toward a hands-on computer application related to the UD-10 data. The officer refresher is focused toward any person who completes a UD-10 form.

Space is limited by the capacity of the hosting site, so please sign up early. There are no meals, transportation or lodging available from the instructor, however, 302 funds can be utilized for those expenses. If you are interested in attending any of these sessions or would like to hold a training session at your department, please contact Sgt. Melinda Logan preferably by email at LoganMJ@michigan.gov. If email is not available, call (517) 322-5923.
